# OUR RECORDINGS CUT THROUGH THE NOISE

The best of ProTools Digital and  
Classic Analog Music Recording

## ABOUT

For the past 25 years Damien Gerard Sound Studios has been the benchmark in affordable high quality professional recording.

We pride ourselves on excellent services and results. In fact we guarantee our work! Our in-house engineers Russel, Andrew, Pete and Dave are highly experienced in all musical styles and recording techniques and committed to helping you achieve great results in the studio. The environment is friendly and relaxed, so you can focus on getting your best performance down.

With our Red Stairs Suite we offer great facilities for corporate work such as voice overs, audio books, podcasts, Mastering, compiling and more. Whatever it is you want to achieve, the DG's professionals will help you get there.

Contact us and join the list of happy clients we have had through the doors since 1983.

## SPECIAL SERVICES

### MASTERING:

Damien Gerards now offers 2 levels of quality mastering to put the final touches on to your project before manufacture and/or release.

#### RED STAIRS MASTERING.

Our red stairs suite can now easily handle all mastering jobs with the pro tools HD system coupled to an analog chain. Engineer Andrew Beck brings his many years in the USA experience to the fore to maximise your project's potential. Recent credits include Paul Kelly, Kate Miller Heidke, Luke Escombe, The Stoics and The Trews (Canada).

#### HI END MASTERING AT KING WILLY SOUND.

William Bowden (The Master) has over 25 years experience from Festival studios and since 2003 his own suite. Credits include Niel Finn, Kylie Minogue, James Blundell, Living End, Belles Will Ring, Holly Throsby, Hungry Kids of Hungary. State of the Art inventory includes EMI TG Console, Weis, Dangerous, Elysia Alpha, Manley, Tube Tech, Cranesong, Sontec and Ampex ATR.

### MANUFACTURE:

Damien Gerard can also help with manufacturing packages, ranging from quick turnaround CDR's up to 500 units through to professional pressings of 500, 1000, 2000 units or more. All styles of packaging from Jewel case to Digipak available. Foghorn can also help with artwork design and packaging options at competitive rates.

### TRANSFERS:

With the advent of quality Hard Disk Recording many clients need to transfer their old multitrack tape to the new digital formats. We have kept all of our tape machines and can cater for all formats including 1/2" Fostex 16 Track Format, 1"24 track, 2"24 track, 1/4" 2 track, ADAT, DA88 and many more. Output can be tailored to the right files to suit your digital system such as WAV, SD2, AIFF.

## PACKAGED DEALS
